ONIX Environmental Commitment

We are responsible for the legacy of future generations, which is why we maintain a firm commitment to offer a product that is environmentally friendly, healthy and energy efficient in order to reduce the excess of CO2 emissions on the planet.

Our glass mosaic tiles are made from 98% recycled glass, which, in addition to contributing to the circular economy, is an added value to the quality of our products. And, because we are committed to optimizing the use of each and every resource, we use recyclable packaging.

Meanwhile, we have incorporated a number of measures aimed at energy sustainability. For example, we do not use fossil fuels in our production process, and the energy used to drive our operations comes from renewable sources, specifically solar PV energy generated at our own facilities.

ONIX Compromiso Medioambiental

Nos sentimos responsables del legado de las futuras generaciones, por ello mantenemos un firme compromiso en ofrecer un producto respetuoso con el medio ambiente.

Este compromiso con la optimización de los recursos y su aprovechamiento también lo aplicamos a nuestro embalaje, siendo éste reciclable.

Paralelamente llevamos a cabo medidas orientadas hacia la sostenibilidad energética, entre ellas no emplear combustibles fósiles en el proceso productivo y funcionar con energía basada en fuentes renovables, en concreto con la energía solar fotovoltaica que generamos en nuestras propias instalaciones.
