Luminiscent

Luminescent

ONIX's luminescent glass mosaic glows in the dark for hours after being charged with light, both natural or artificial (fluorescent, ultra-violet or halogen). This cycle may be repeated indefinitely.

The glow endurance depends on how long it has been exposed to light and also with the type of light it has been energized with. The luminescent will then gradually fade away after hours in the darkness.

This mosaic is weatherproof so it is suitable for any use: swimming pools, indoors & outdoors, walls, residential floors... It can be used as a plain color or mixed with the rest of ONIX.

Luminiscente

El mosaico vítreo luminiscente brilla en la oscuridad durante horas después de haber estado expuesto a la luz, tanto natural como artificial fluorescente, ultravioleta o halógena. Este proceso puede repetirse indefinidamente.

El tiempo de emisión dependerá del tipo de luz con el que se haya efectuado la carga, así como del tiempo que haya estado cargando el mosaico luminiscente. La intensidad de la emisión es gradual, disminuyendo poco a poco con el paso de las horas.

Este mosaico es resistente a condiciones meteorológicas y, por tanto, apto para cualquier uso: piscinas, interiores y exteriores, paredes, suelos residenciales... Se puede utilizar como base o se puede mezclar con otro producto de ONIX.

Luminescence

La mosaïque de verre phosphorescente brille dans l'obscurité pendant des heures après avoir été exposée à la lumière tant naturelle qu'artificielle (fluorescents, ultraviolets, halogènes). Cette opération peut être répétée de manière indéfinie.

Le temps d'émission dépendra du type de lumière utilisée mais aussi du temps durant lequel la mosaïque phosphorescente aura été exposée. Le temps d'émission est gradué et diminuera peu à peu au fil des heures.

Cette mosaïque est résistante aux conditions météorologiques. Elle peut donc être utilisée dans n'importe quelle application: piscines, intérieurs et extérieurs, murs, sols résidentiels... Elle peut être posée seule ou en mélange avec d'autres références d'ONIX.
